### Ellsworth Lions Website

Just a reminder that Lion Kathy Mills has completed our own website. Our goal is that in the near future those of you with internet access will go into the site for the newsletter and other information about the Lions. I'll continue to mail out newsletters to those without internet access. The website is <http://ellsworthlionsclub.org>. Please give us your input on the site.

### Fair Parking

Thanks to all who helped with fair parking this year, especially those who were able to work multiple shifts. All the earnings go into the administrative fund. A huge **Thank You** to Lion Sami Schommer for arranging all those schedules.

### Sight First Campaign

On Sept 20-21, PDG Wilson and Lion Kathy Mills will have their annual Apple Fest. The Sight First Campaign is a beneficiary of this event, as it was last year. So go have fun, get your apples, cider, etc. and help support the Lions Sight First Campaign.

*Let me know if you'd like to add anything to the newsletter*
